**Imp. Rose of Sharon**—was bred by Thomas Bates, Kirklevington, England, and imported in 1836 by the Ohio Importing Co. From this famous cow has descended one of the finest tribes of cattle known to the breeders of the world. This tribe became famous in the hands of the late Abram Renick of Kentucky. He sold at one time six females for exportation to England at an Average of \$3,600, and would not price any females to remain in this country until just previous to his death.
